Dear Nick,

Thank you for consulting Natural England on the scope of the SEA for Plaistow and Ifold Neighbourhood Plan. Apologies for not getting back to you sooner, but I have no comment to make on the scoping report. You have covered all the areas that are within Natural England's statutory remit (designated nature conservation sites, protected landscapes, species and soils), and picked up all the issues that we would like to see covered. We agree with the objectives that you have chosen for each theme relevant to our statutory remit; and consider the assessment questions appropriate and sufficient to test the different options that may be taken forward through the Neighbourhood Plan.

Kind regards,
Alison
